LOST—A lady's gold watch and pin between the A. C. Co's. store and the home of W. R. Taylor in East Clifton. Reward for return to W. R. Taylor. tf.—col.

C. C. Edgington, of Morenci, was a visitor to Clifton Tuesday.

Clisco Perry, of Morenci, was in Clifton this week on business.

Dr. G. E. Goodrich, of Morenci, had business in Clifton this week.

Messrs. Frank Davis and Jas. Trainor, cattlemen whose ranches are located on the "Frisc" above Clifton, were in Clifton Tuesday.

Dr. Briley, of Duncan, visited here Saturday and Sunday.

Sherman Stewart and Jas. Smith both citizens of Duncan, were visiting in Duncan Saturday.

Dan Grant, superintendent of the mines of the Keating Copper Syndicate, was in Clifton on business connected with his company Tuesday.

Return from Los Angeles—Mr. and Mrs. E. M. Williams and little son have returned from a visit, including the Christmas holidays, to friends residing at Los Angeles.

Visits Children Here—Mr. Bishop of Douglas, is visiting in Clifton and vicinity, the guest of his children, Cullum and Wiley Bishop, and Mrs. Frank Bowman.

Visit Dr. and Mrs. Bogue—Mr. and Mrs. Frank Brown, of Los Angeles, California, are visiting at the home of Dr. and Mrs. Bogue. Mrs. Brown is a sister of Mrs. Bogue.

Citizens of Duncan Here—Sam Foster, L. B. Stevens, J. T. Nation, L. Ellege, all of Duncan, visited in Clifton concerning business matters during the early days of the week.

Slaughter Builds Modern Residence—Arthur Slaughter is having erected under the direction of W. S. Humphrey, to whom the contract was awarded, a modern residence in Hill's Addition, just below the county court house. This building, which will be of eight rooms, is practically completed. Convenience and beauty have guided in the plans, making this home one of the most beautiful in that residence section of Clifton.

Judge Shirley has returned to Clifton after a prolonged visit to points in southern California.

Delivers Lectures on Socialism—Mrs. Hazlett, of Chicago, delivered lectures on Socialism to audiences at the Prettyman opera house on the evening of Wednesday and Thursday of this week. Her subject for Wednesday was "The Laboring Man in Politics," while her subject for Thursday was "Economics Confronting the Working Man." Both lectures were well attended by the Socialists of Clifton. From Clifton Mrs. Hazlett went to Duncan, delivering a lecture there on the evening of Friday.

Chronic Constipation Cured.—"Five years ago I had the worst case of chronic constipation I ever knew of, and Chamberlain's Tablets cured me," writes S. F. Fish, Brooklyn, Mich. For sale by all dealers.

CLYDE McDOWELL.

A pretty wedding was that of Herbert S. Clyde and Miss Alma McDowell at the residence of Rev. Gordon officiating. A number of friends and relatives were present. Miss Mary Kent at the piano rendered the wedding march. Mr. Clyde has for some time resided in Clifton, where he is employed in the electrical department of the new smelter of the Arizona Copper company. His bride grew to womanhood here, and through her gentle manners has won many friends who extend wishes of all happiness to her and Mr. Clyde. It is probable that the young couple will within a few months leave for El Paso, there to make their permanent home.

Judge Imposes Heavy Fine Upon Unlicensed Peddler—Judge Leonard this week was called upon by the local police to deal justice to one H. V. Norton, who was accused of selling merchandise in Clifton without having first secured the requisite license from the city authorities. The sentence imposed was a lengthy imprisonment in the local jail or the alternative of paying a fine of \$85.00. The latter punishment was chosen. For some time Norton had been selling to the local Mexican residents a musical instrument of the zither variety, and was apparently enjoying a successful volume of business.

Met's Punishment to New Year's Celebrant—A local young Mexican resident was haled before Judge Leonard, charged, local police complaining, of the unlawful discharge of firearms upon the streets of Clifton. It was proven that the offender had recklessly discharged, with continuance, a pistol of large calibre throughout the streets in North Clifton, standing in the middle of the street and shooting without regard for the many residences of the vicinity. The punishment was confinement in the county jail for a term of fifty days.

Sustains Broken Arm—Toles Cosper, son of J. E. Cosper, while cranking a gasoline engine at his father's ranch home in the Richmond, New Mexico, community, Monday, January 5, was struck on the arm by the balance wheel of the engine, with the result that the member was broken in several places, making problematical the necessity of amputation. The sleeve of the young man's shirt was caught in the mechanism, and that the injuries were not more serious was the engine's slinging him free of the wheels, and against the wall of the building in which the engine was placed. He was brought by his father to the hospital of the Arizona Copper company at this place Monday afternoon, and is there receiving attention.

NOTICE!

Notice is hereby given that the co-partnership heretofore existing between Mrs. T. Norquay and C. H. Goodwin, under the firm name of the New York Jewelry Company, is dissolved, and that Mrs. T. Norquay is responsible for no debts of said company hereafter incurred. It—pd

Mr. and Mrs. J. Seigel returned last week from an extended sojourn at Cananea, Mexico, where Mr. Seigel was employed by the Cananea Consolidated Copper company. Unstable conditions prevailing there, because of the constant insurrections among the Mexicans, is reflected in a reduction of the activities of the American interests. Mr. Seigel is now employed as engineer by the Shannon Copper company here. Mrs. Seigel is a sister of J. W. Aker, Superintendent of Greenlee schools. Many friends in Clifton welcome the return of Mr. and Mrs. Seigel, they having formerly resided here.

FOR RENT—A furnished room in Hill's Addition—Apply to W. B. Hutchins. 2tpd

CITY PREPARES ASSESSMENTS ON CHASE CREEK PROPERTY.

City Clerk is Engaged in Compiling Assessments to be Made Against All Owners of Property Embraced by System.

City Clerk Danenhauer has been engaged for some time in the preparing of tables showing the assessment to be made against the owners of all property embraced by the proposed sewerage system to include the Chase Creek business section.

With his assistants, the work is now completed, and was submitted to the Council at a meeting Thursday evening. The Council desired tables that they might arrive at a definite conclusion regarding the amount of bonds to be issued.

The proposed system includes all that portion of Clifton situated on the west of the Frisco river between the promontory south of the freight station of the Arizona & New Mexico railway and a point a few blocks west of the Chase Creek school building. A map of the proposed territory has been drawn by Engineer Tunis, showing in detail all the properties affected.

LITTLE DAUGHTER OF R. W. SIMPSON SERIOUSLY INJURED

Automobile Driven by Jno. Webster Collides with Carriage Occupied by R. W. Simpson and Family With Disastrous Results.

Late Saturday afternoon an automobile driven by Jno. M. Webster collided, just in front of the hospital of the Arizona Copper company, with a carriage occupied by R. W. Simpson, wife and little daughter, with the result that Mr. Simpson and the little girl, the latter about six years of age, were injured, both sustaining injuries about the head, in addition to internal injuries sustained by Mr. Simpson.

It is said that the Simpson carriage was crossing the tracks of the Arizona & New Mexico railway, Mr. Simpson and family returning from the main portion of the town to their home in Hill's Addition, and the machine driven by Webster was coming from the direction of the S. & S. Bottling Works. Presumably the misunderstanding in regard to the space occupied by the carriage, with the direction followed by the automobile, was responsible for the collision. The buggy was badly demolished, the force of the impact tearing the wheels from the body. The occupants were violently thrown to the earth, and that their injuries were not more serious is remarkable. The little girl was carried to the A. C. company's hospital, where seven stitches were required to sew one of the wounds across her forehead. She will probably be carried from the hospital to her home this week. Mr. Simpson was injured internally to the extent that he has been confined to his bed since the accident, but will probably be able to resume his duties at the meat department of the A. C. Co's. store within a few days. It is understood that a suit for damages will be filed by Simpson against Webster, it being stated that Simpson will ask for damages amounting to \$500.00 for the injuries sustained by himself, and for \$2500.00 because of the injuries sustained by his daughter.

AKER COMPILES DIRECTORY REGARDING COUNTY'S SCHOOLS

Contents of Directory are of Benefit to all Seeking Information of County's Schools.

Superintendent of County Schools, J. W. Aker, has finished the compilation of a complete directory regarding all the schools of Greenlee county, the contents being of great importance to those wishing any information concerning the names of teachers, trustees, etc. of any and all schools of the county.

In addition to the above information, many pertinent facts concerning various phases of the school, funds, location, etc. are also given in detail. This directory will be mailed to any address upon receipt of request.

A. C. COMPANY WILL HASTEN COMPLETION OF NEW STORE

Plans are for a Structure Larger Than Present Store in Clifton—Material on Ground

The new store building, in the southern portion of Hill's Addition, of the Arizona Copper company, will again be the scene of active operations, the intention being to rapidly hasten completion. The basement, concrete, of this building has been completed for some time. All that now remains for completion is the upper story, which will be of brick. E. G. Gandoover, lately of Mexico, and who formerly resided in Clifton, where he was employed on various construction of the A. C. company, will be in direct charge of the remaining operations, which are expected to begin within a few days.

The dimensions of this store are larger than the dimensions of the present Clifton store of the company, and which will continue to be used as the company's main Clifton store. At the new store, a structure for the storage of hay and grain will be built. All accommodations will be for a large volume of patronage in the lines of general merchandise.

ASSISTANT STORES MANAGER OF A. C. COMPANY RESIGNS.

R. A. Armstrong, for Some Time Connected With Stores of A. C. Company, Will End Connection on March 1—Will Take Charge of Cananea Stores in Mexico

A. A. Armstrong, for some time connected with the Arizona Copper company in the capacity of assistant stores manager, has resigned his position, which will become effective on March 1, after which date, he will remove with his family to Cananea, Mexico, there to assume charge of the six stores of the Cananea Consolidated Copper company. These stores transact a large volume of business, being controlled by a company that has extensive copper interests throughout that portion of Mexico.

Before coming to Clifton to enter the employ of the A. C. company, Mr. Armstrong was connected with the stores of the United Verde people at Jerome, Arizona.

GATTI DEALS HEAVILY IN CATTLE IN OLD MEXICO.

Purchasing of Cattle in States of Sonora and Chihuahua is Extensive—Shipping to Many Points.

J. C. Gatti, Clifton's livestock broker, returned last week from the northern states of Mexico, where he has been for some time while engaged in the purchase of cattle, which he ships to buyers in various portions of the United States.

Mr. Gatti reports that conditions in the northern portions of Mexico at present are resuming peaceful forms, the Constitutionalists being thoroughly in control there, and appearing to be able to maintain a stable government. The range conditions in Mexico are now excellent, many of the cattle being taken from

Do you
want to get finer re-
sults out of your camera?

the ranges and shipped directly to the packing houses.

During the past two months, Mr. Gatti has purchased in Mexico about three thousand two hundred head of cattle, shipping them to points in Colorado, California and Texas, in addition to several small shipments to Clifton for the local market, and for the cattlemen of this section.

Mr. Gatti has secured a large ranch in Mexico, below Nogales, and has the ranges of the property fully stocked with cattle awaiting shipment to various points. Recently depreeding bands of Mexicans have caused annoyance, although at present no considerable difficulty in this regard is experienced. Mr. Gatti has secured for this ranch, as foreman, the services of Deputy Sheriff Lowenbruck, who left Clifton Saturday for the ranch, having resigned his position here with the county.

East Side Association Goes to Duncan—The East Side Association, an organization composed of automobile owners whose aim is pleasure in that respect, journeyed in their machines to Duncan Sunday. Five machines were in the procession, each car being well filled with those in quest of pleasure, which was encountered in many forms. The cars

in the procession were those of W. J. Riley, Harry Wright, Duncan McNeil, G. L. Coffee, and the Metz Demonstration. The trips there and returning were in harmony with schedule time.

A. & N. M. WILL BUILD PRIVATE CAR BARN.

Work Will Begin Immediately Upon Brick Structure that Will Replace Present Barns.

The Arizona & New Mexico Railway company has awarded to Contractor Harmsen the building of a brick structure, in dimensions 34x60 feet, which will be used as barns for the private cars provided for the company's officials. This structure will replace the present barns which are found to be insufficient in size to accommodate the needs of the company. Work upon the demolition of the present building, on the site of which the new structure will be erected, will begin immediately, and upon the removal construction of the new building will begin. All material to be used is now on hand, and a rapid completion will be followed.

Why are over 350,000 Fords in Use?

Bankers, Commercial men, Farmers, all know they are the best value in the automobile market today. A carload will arrive next week.

Touring Cars \$625, ready to run.

L. A. W. BURTCH, Agent for Greenlee County.
